CONTRACEPTION ATLAS
Tracking government policies on access to contraceptive methods, family planning counseling and the provision of online information on contraception
March 2018

For more information, please visit contraceptioninfo.eu

Expert group
The below group of experts in sexual and reproductive health and rights designed the questions and structures for the Contraception Atlas.

Dr Jacques De Haller, Standing Committee of European Doctors (CPME)
Dr Petra De Sutter, Belgian Senate, University of Ghent
Marta Diavolova, UNFPA
Dr Georgios Papadomanolakis, Medecins du Monde (Greece)
Ms Ana Rizescu, YouAct
Ms Ariella Rosansky, MSD
Prof Marleen Temmerman, Aga Khan Development Network
Prof Medard Lech, European Society of Contraception and Reproductive Health

For Education, Empowerment & Equality

Who is behind the Atlas? This initiative is powered by the European Parliamentary Forum on Population & Development (EPF) in partnership with Third-I and group of experts in sexual and reproductive health and rights who designed the questions and structures. EPF translated from the financial support of MSD to undertake original and independent research which is presented in the Atlas and the MSD Global Innovation Centre for the visualization of the findings. EPF is grateful to the numerous expert national organisations and individuals who contributed to gathering the data presented in the Atlas. The scope and content of the European Contraception Atlas is the sole responsibility of the European Parliamentary Forum on Population & Development (EPF).
